

SEE WHAT THE
POPULAR
BOSTON STORE!

is offering this week. Many and many a time the questions naturally arises, Why is the Boston Store always busy? Why are so many more patrons found edging their way through the crowds to get at the different departments? Why is it that we can buy good substantial goods of them so much cheaper than elsewhere? Why is it that they have more variety of lines than other houses, in short why is it that they do the largest business in Wichita? All of which is due to the following—We buy for spot cash. We buy in large quantities. We sell for spot cash. We visit the different markets very often. We buy many lots for cash that must be sold by failing manufacturers and commission merchants. In short we own goods at less money than our competitors, thus enabling us to undersell any house in the city.

We have the best line of shoes in this city at lower prices than any body.

Personal property statements have been
left at each house and place of business in
the city. It will give better satisfaction
to each taxpayer to call at the assessors'
office and assist in adjusting their personal
property statement. Those who do not
attend to this matter will have a return
made for them by the assessors.
